Progress Report

Green Classroom

- Paper used on both sides
- Handouts read on-screen
- Classroom recycling
- Classroom composting
- Classroom windows open
- Used Refillable water bottles

Green School

Our class saved over 300 sheets of paper in one month printing double sided, that's 1/266 of a tree! - Stacy O.

Our classroom started recycling paper, we had over 5 pounds of paper in our wastebasket after one week! wow! - Class 504

All the windows in our classroom open, but they face a busy street. Hopefully the newly planted trees will provide some fresh air and clean out the CO2. - T. M.
