

Green Map[®] Icons

charting a sustainable future since 1995

is at the heart of the local-global Green Map movement

Each **locally-led Green Map project** uses these icons

was launched in early 2008

It includes 170 Green Map Icons

The set is arranged in 3 Genres, each has 4 Categories

Sustainable Living

Green Economy
Mobility
Technology & Design
Hazards & Challenges

Nature

Land & Water
Flora
Fauna
Outdoor Activities

Culture & Society

Cultural Character

Green Roof

Eco
Certification

There are over 450 projects in 50 countries and 335 Green Maps are published

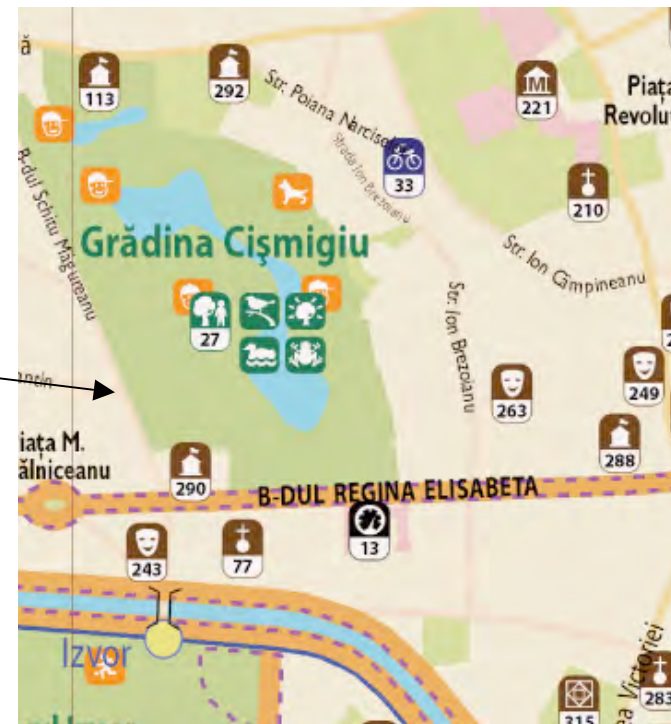

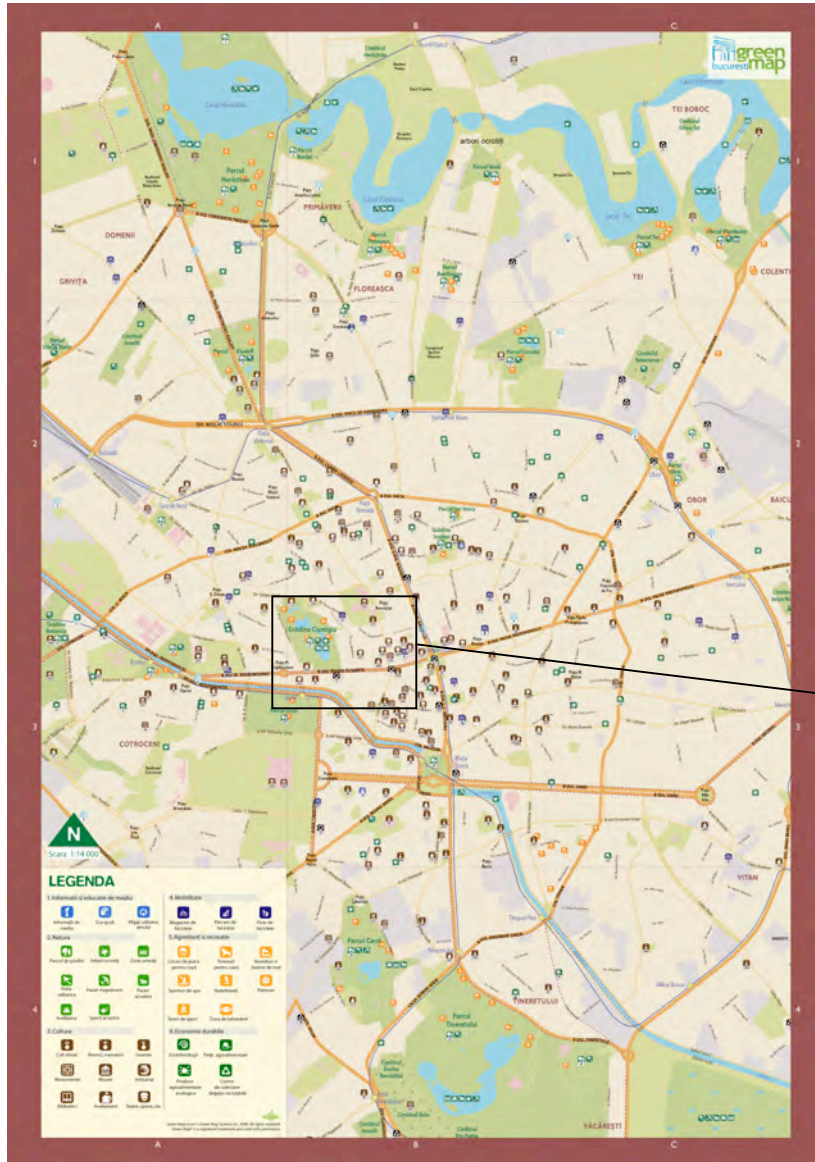

Each map is a unique expression but all 'speak' the same language

Icons **identify**, **promote** and **link** all kinds of sites, highlighting patterns of change

Maps use **icons** to connect residents and visitors to local sites, routes, and resources

Bucharest Romania, 2008

Discover. Enjoy. Learn. Take Action!

Home | Baltimore Green Map | About the Icons | Get Involved | Our Watershed | Green Map System

How Eco-friendly is our city?

Can the choices you make in daily life - how to get from place to place, where to shop, learn, relax and have fun, what to consume, when to reuse or recycle - make a difference? Absolutely.

Baltimore Green Map will help you to find eco-opportunities in your neighborhood and around our region. Using the International Green Map Icons, we map Baltimore's ecological and cultural resources and our city's progress toward becoming a healthy, sustainable* urban environment.

SUSTAINABLE LIVING	NATURE	CULTURE & SOCIETY
		

SUSTAINABLE LIVING: Permeable Pavers

*Sustainable Development balances environmental, economic and social concerns to best meet the needs of the present without compromising the ability of future generations to meet their own needs.
— Brundtland Commission, 1983

FEATURED ICON:

Best Walks

— favorite routes for combining exercise and contact with nature
