Explore the Open Green Map Interface

Open Green Map is a project of Green Map® System. More information at GreenMap.org

Explore takes users to the World Map View. It starts with 2 sites from each map. Zoom to see more sites. Click any map’s name to jump directly to it.

Fresh Maps are the most recently updated Open Green Maps. Jump to map or click for a list. Choose newest, alphabetical, country, or mapmaker lists.

Get Involved page introduces users to ways to interact with the Open Green Map project.

Language translations invite broader participation

Login for users

Update box shares news from Green Map System

Google Translate tool provides the website in other languages
