Adapting to Change

Lower East Ride

Adapting to Change

Explore Climate Realities @ East River Park, East Village & Lower East Side

Superstorm Sandy's floodwaters surged in, heralding a new 21st century reality in 2012. This map of Manhattan's Lower East Side includes highwater, historic, and current shorelines and encourages bicycling as an everyday climate change counter-measure.

Connect with nature in all of CB3's parks and community gardens!

GREEN MAP LEGEND

CYCLING RESOURCES:

- ▼ Bike Share Station
-  Bike Rental site
-  Bike Shops & Service
-  Learn to Repair Bikes
- Bike Lanes

-  East River Park Access

RESILIENCY RESOURCES:

-  Solar Energy
-  Composting
