Tuesday and Thursday-Sunday  
from 11-7pm.

### **Saturday, September 19, 5-7pm: Put your Spot on the Green Map at Grace Exhibition Space!**

Celebrate North American Day of Sustainable Communities by putting your favorite green sites on the map. Share your knowledge about places, projects and practices and find out about the OGM2 mapping platform at this outdoor event. Grace Exhibition Space, dedicated to performance art & permaculture, is located just 2 blocks from MoRUS at 182 Avenue C, where "Microbes to Metropolis" exhibit by MoS MoBS LoBS Lab by dd Maucher is also on view.

### **Friday, September 25th, 6pm: Climate Week NYC Exhibit Tour**

Join us for a special exhibition tour led by Wendy Brawer, the founding director of Green Map System, this event is part of Climate Week NYC 2020. Meeting outside the Museum of Reclaimed Urban Space, this tour will provide unique insight and context to the Green Map movement. Please RSVP via Facebook.

### **Friday October 2, 2pm: OGM2 Virtual Mapping Demo (Online)!**

Find out about Open Green Map 2, the new mapping platform, now in Beta, and how you can use it for your own local Green Map projects with the developers at the Berlin-based GIS Collective. Featuring Green Mapmakers already using the OGM2 mapping platform! Check online for the Zoom Link. This demo will be repeated on first Fridays - Nov 6 and Dec 4 at 2pm ET.

### **Saturday October 3rd, 12pm: East Village Community Garden Passport (MoRUS Family Programming)**

Stop by the Museum for a copy of your Community Garden Passport, which will map out sustainable gardens in East Village. If you gather stamps from all the gardens, return the full passport to the museum and receive a prize! This event is ongoing beginning the 3rd, but join us for a small opening at noon!

## Exhibit + Events

### **Saturday October 17th, 3pm [rain date 10/18]: Green Map Cycling Tour**

This Green Map bike tour will highlight green infrastructure in the East Village. Let's meet at the Museum of Reclaimed Urban Space, then track underwater streams and traverse the original shore line into East River Park, which is slated for demolition this fall. Guest speaker Fannie Ip from EastRiverParkAction.org as well as maps from the past (and for the future) will help us chart the physical changes and gain perspective on current resiliency challenges and movements. Limited to 8 riders - with distancing & masks. RSVP to [apple@greenmap.org](mailto:apple@greenmap.org)

### **November Date TBD: Material Mapping (MoRUS Family Programming)**

Led by MoRUS, this youth event will gather found materials from different East Village blocks and transform them into sculptures. As artistic manipulation transforms these materials, they will begin to take on a physical representation of their origin block. As more and more sculptures are created, they will begin to map out the neighborhood and forge new relationships to space and community. For all Ages.

### **Friday, November 6, 2pm: OGM2 Virtual Mapping Demo (Online)!**

Find out about Open Green Map 2, the new mapping platform, now in Beta, and how you can use it for your own local Green Map projects with the developers at the Berlin-based GIS Collective. Featuring Green Mapmakers already using OGM2! The Zoom Link will be posted online in October.

### **Friday, December 4, 2pm: Virtual Mapping Demo (Online)!**

Find out about Open Green Map 2, the new mapping platform, now in Beta, and how you can use it for your own local Green Map projects with the developers at the Berlin-based GIS Collective. Featuring Green Mapmakers already using OGM2! The Zoom Link will be online in November.

### **TBD - *How Green Is My City?* Closing Event in December**
